PLUG-IT
Cement Based Rapid Setting Water Plug
Technical Data Sheet

Description:
A cement based rapid setting compound for running water leaks, prior to the application of Bond It TANKING SLURRY.

Features & Benefits:
- *Seals and fills cracks and joints.*
- *Plugs running water leaks.*
- *Can be used to anchor fixings.*
- *Forms a watertight barrier.*
- *Cures in less than 2 minutes.*

Uses
A rapid setting watertight barrier, suitable for use with clean fresh water. Cures in less than 2 minutes. Can be used as a seal for joints prior to over coating with Bond It TANKING SLURRY.

Limitations
For holes greater than 20mm, repair in patches working towards the middle. Once set PLUG-IT cannot be re-activated and re-used.

Preparation
Cut out the holes or cracks to a square shape (not a v-shape) of 20mm. Ensure all loose particles are removed. Dampen the surfaces first with clean water.

Application
In a suitable clean container place only as much material that can be used within 2 minutes or that fits into one palm. Add 20% clean water: 1 part water to 4 parts powder. Mix quickly by hand and thoroughly ensure even colour. Whilst the mixture is still warm, and within 2 minutes of adding the water, with a gloved hand or trowel put the mixture in place, press hard and hold for at least 30 seconds to 1 minute or until the plug is set. Trim flush if required after water has stopped running. Wash tools immediately in clean water.

Cleaning
Clean tools with hot soapy water if product has not dried. Once cured use Bond It BRICK & PATIO CLEANER to remove hardened materials.

Size
5Kg recycled plastic tub.

Coverage
Variable depending on depths of holes.

Colour
Grey powder.

Shelf Life
5 years from date of manufacture, when stored in unopened original packaging.

Storage Conditions
Store in original unopened tubs in a cool, dry place between +5-+25°C. Protect from frost and direct sunlight.

Disposal Of Containers
Do not leave empty containers where residue could be harmful to children, animals or the environment. Remove any tubs or used material to a central disposal point in accordance with local regulations.

Health & Safety
Please refer to separate safety data sheet (SDS) for full handling, use and storage instructions. Keep out of reach of children. It is the user's responsibility to determine suitability for use. If in doubt, contact our Technical Department for advice.

Note: this information is for general guidance only, since site conditions and labour are beyond our control.

Specification Summary

Appearance	Grey
Form	Powder
Composition	Cement Plus Additives
Pot Life	2 minutes at +23°C, shorter at higher temperatures
pH when mixed with water	ca. 11
Tub PCR Content	30%
Commodity Code	3816000000
